Standards at Parkway

Dear parent/carer,

The staff team always aim to do the very best for the pupils in centre and we know you strive to do the same at home. However, there have been a few instances over the last week where some pupils haven't always been making the wisest choices so I'm writing to bring this to your attention in the hope we can work together to improve this.

There has been a recent upsurge in the use of mobile phones. We acknowledge that mobile devices are now a part of life and we support young people to manage their personal device appropriately, however, should they struggle to do this, measures will put into place so that their use of the device does not interfere with learning. This could include them handing their phone in upon arrival at school or you as their parent/carer ensuring they do not bring it to school with them.

As you will be aware, James Brindley is a 'Healthy School' and as such only advocate pupils to drink water during the day. Pupils should not be consuming energy drinks or fizzy pop due to their high caffeine and sugar content and the impact this has on concentration and learning. It would be appreciated if you ensure your child does not bring these drinks to school. If they are found to be in possession of them, they will be confiscated.

Thank you for your support in these matters & kind regards,

Emma Byrne

Centre Leader & DSL
